RE: RICE Rule Notification of Applicability
Designation of Emergency Status

Dear Ms. Weber:

On August 17, 2010, we transmitted Initial Notification of Applicability forms to the Iowa Department of Natural Resources and EPA Region VII. The forms provide required information under 40 CRF Part 63 Subpart ZZZZ (Rules), but did not indicate whether the generating units owned and operated by the City of Strawberry Point should be designated as emergency RICE units subject to section 6364(f) of the Rules. In view of the release of EPA's final amendments to the Rules on January 15, 2013, this transmittal is intended to provide the Department of Natural Resources, as well as EPA Region VII, with formal notice of the emergency engine status of the following engines.

Location	Engine Number	Engine Manufacturer	Year Installed	Emergency Unit
Strawberry Point	Unit # 1A	Caterpillar	2002	Yes
Strawberry Point	Unit # 2A	Caterpillar	2002	Yes

Sincerely,

Dale Fox, Mayor
City of Strawberry Point
